### Manuscripts

**Undergraduate Honors Thesis** **Brown University**
*Department for Applied Mathematics* *2018-2019*
**Title:** *Energy-aware optimization of scalable load balancing strategies*.
**Advisor**: Dr. Kavita Ramanan.
Thesis on understanding stationary behaviour of TABS scheme under general service time distribution and identifying parameters to achieve greater efficiency and lower energy costs. Analysed long term stationary behaviour of the system under the TABS scheme through limit theorems. Simulations programmed in Matlab.
